FRESHMEN"

ADMINISTRAT

ION, FACULTY, STAFF

Top Executive

Our principal, Dr. Norman Shearin, is a man of strength, honor, and dedication. He believes in the need of planning, of purpose, and of hard work to achieve a worthwhile goal. Our school is a typical example of his vision and his hard work. Through his leadership Twin Lakes has become an outstanding school in academics, activities, sports, and opportunities.

One of Dr. Shearin's top priorities is to make Twin Lakes a place for students to learn, love, and fulfill their individual potential. He exemplifies enthusiasm by participating in extra-curricular activities — he referees games, plays basketball, and promotes school spirit at pep rallies. Dr. Shearin is a capable leader with strong convictions — he stands for education's finest goals. He has given his time, energy, and love to make Twin Lakes the best.

Hofstra Univ., Ed. S., Nova University

Top Administrators

Our assistant principals are responsible for the smooth operation of Twin Lakes. They work with administration, faculty, staff, and students to correlate unity within the school. Their demands are many — much of their time is spent working with students and their problems. They are responsible for formulating, expanding, and improving the curriculum at Twin Lakes. Our assistant principals are also in charge of student activities and the many schedules for the entire school.

The student body and staff look upon the assistant principals as Top Administrators.

One of Mr. Heyward's better moods.

James E. Johnson - B.S., Fla. A&M
Univ., M.A., Fla. A&M Univ.

Paul Williams - B.S. Fla. A&M Univ.,
M. Ed., Fla. Atlantic Univ.

Mr. Heninger looks disgusted.

Mr. Williams has had a hard day.

Future Consultants

Our guidance counselors are a very vital part of our total school program. They perform their duties with enthusiasm and skill, and they often become involved with the students' social, mental, and physical behavior. The counselors are directly concerned with helping students find professions and vocations that will help them take their places in our complex society. Students look to them for advice that will help them to meet the necessary requirements for graduation, and advice that will acquaint them with financial programs for college.

Gail Heninger - B.S., Florida State Univ., M.Ed., Fla. Atlantic Univ.

Jimmie H. James - B.S. Hampton Institute, M.A., Michigan State Univ.

Ms. Underwood is as happy as a lark!

Deane O. Underwood - B.A. Fla. Atlantic Univ., M.Ed., Fla. Atlantic Univ.

Aleen H. Wilbourne - B.S., Fla. A&M University, M. Ed., Fla. Atlantic Univ.

Mr. James is double checking each schedule change

Lillie B. Drayton - B.S., Howard University, M.S., FL Atlantic Univ.

Willie J. Irvin - B.S., FL A&M Univ., M.Ed., FL A&M Univ.

Crime Stoppers

Cheerfully and faithfully, our deans attend to the many needs of students at Twin Lakes. It is their responsibility to know where each student is during every hour of the school day.

Our deans are truly the bond between the school and home. Accidents, absentees, illnesses, personal problems, and conferences fit into their normal schedule which keeps them racing from "eight to late" each day.

Helen M. Sheffield - B.S., East Tenn. State Univ. M.A., East Tenn. State Univ.

James W. Westbrook - B.S., Appalachian State Univ. M.Ed., University of Miss.

Mr. Irving says, "It's good to know you're concerned!"

Mrs. Sheffield says, "Thank God it's Friday!"

Mrs. Drayton greets everyone with a smile.

Book Keepers

Our clerical staff is very dedicated and efficient. This very capable group is responsible for all of the paper work that is necessary in the effective operation of a large school. The secretaries' duties include financial reports, students' reports and records, employees' payroll, reports to parents, etc. This is one of the busiest staffs on campus.

Virginia Aiello

Media Specialists

The Media Center Staff has two very important functions. The first, and most important, is to support the curriculum. The second is to provide resources for the individual student's personal interests. Many people consider the Media Center the hub of the school, where pertinent materials such as books, filmstrips, tapes and records, periodicals and other educational materials are made readily available. In line with these aims, the staff is dedicated to serving the students and faculty of Twin Lakes High School.

The extensive language arts program reflects an actively organized group of professionals who instruct, sponsor, and inspire students. Within the department the required skills of reading, writing, speaking, listening, and viewing form the foundation for those students who elect to specialize in debate, drama, journalism, publications, creative writing, speech, mass media-video, photography, and two advanced placement courses.

Students who participate in these programs have the opportunity to be one of many to receive local, state, and national honors as well as to inscribe their names on the roster of: National Honor Society, National Forensic League, International Quill & Scroll, and International Thespian Society.

Teachers in social studies guide students in examining the American way of life and the world scene, past and present. Discussions, debates, and research projects give each pupil the opportunity to express his view and to investigate areas of interest. The teachers create a desire in students to think critically and to reason deductively about issues that surround them today, so that they will be able to cope with those which they will face tomorrow.

Baby Rams Won County Championship

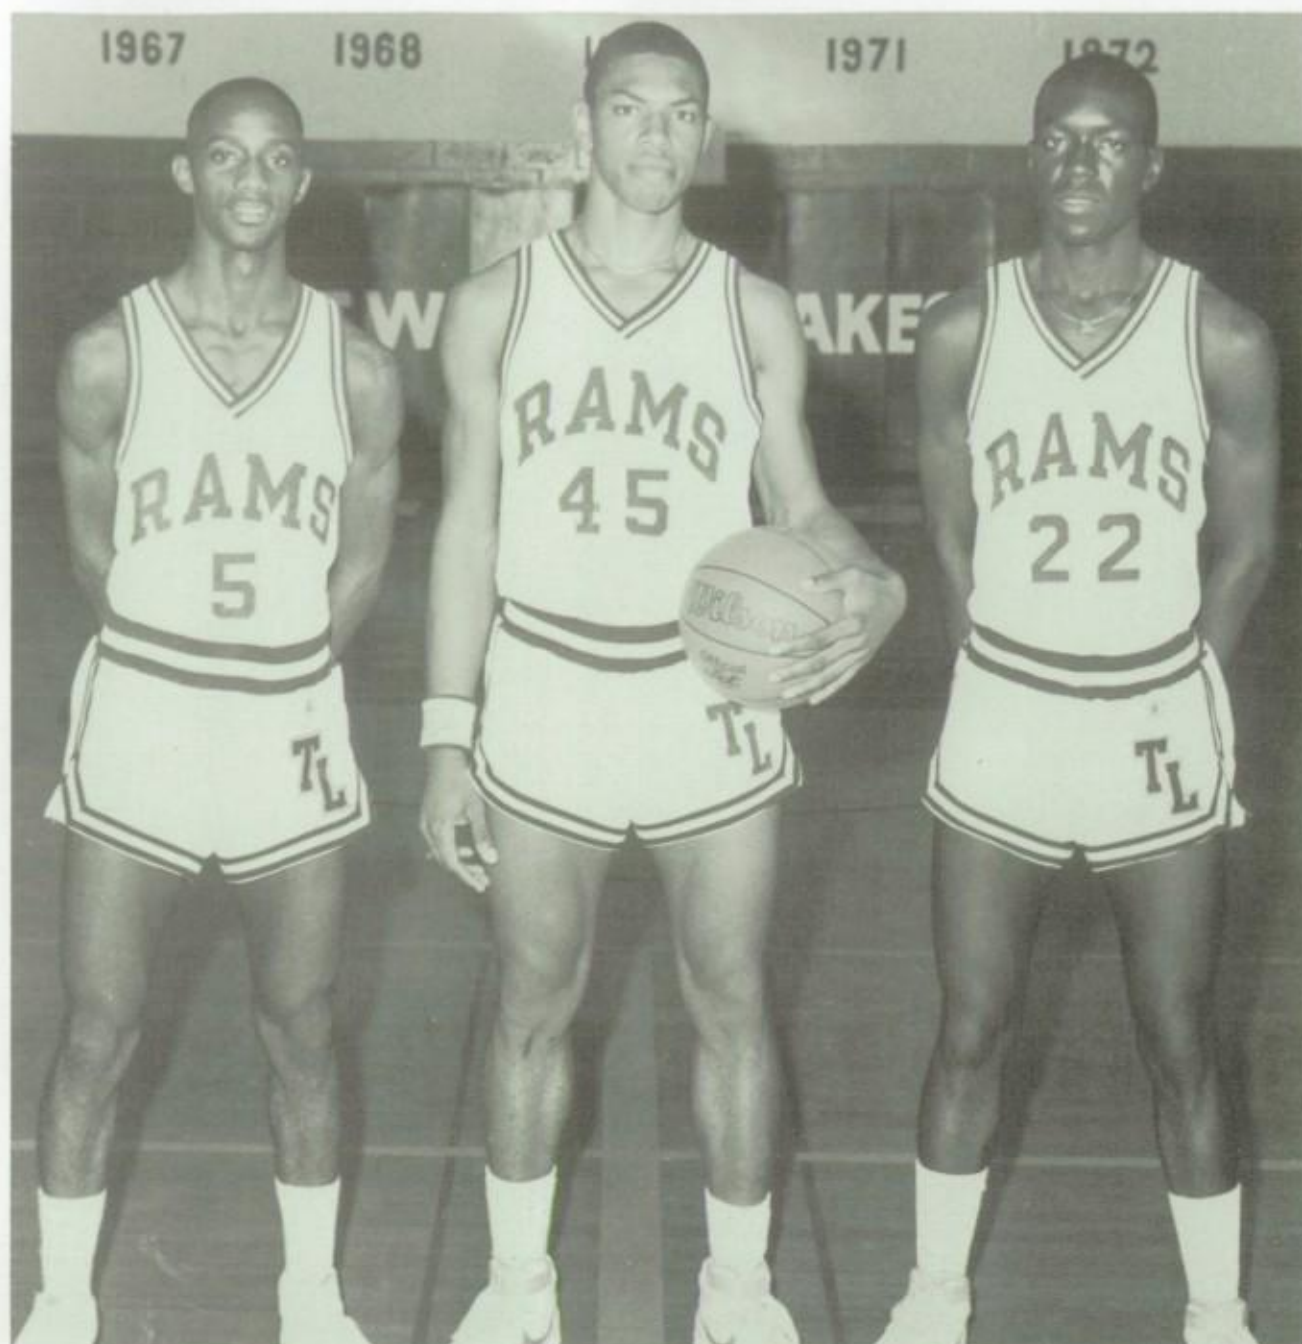

The Freshmen Basketball Team was determined to gain recognition at Twin Lakes. The players did a magnificent job of displaying athletic ability. The numerous afternoons of tiresome practice proved well worthwhile when they captured the Four A County Championship. With Coach L. McDowell as their dedicated leader, a bright future for these athletes is in focus.

Varsity Basketball Aimed for Championship

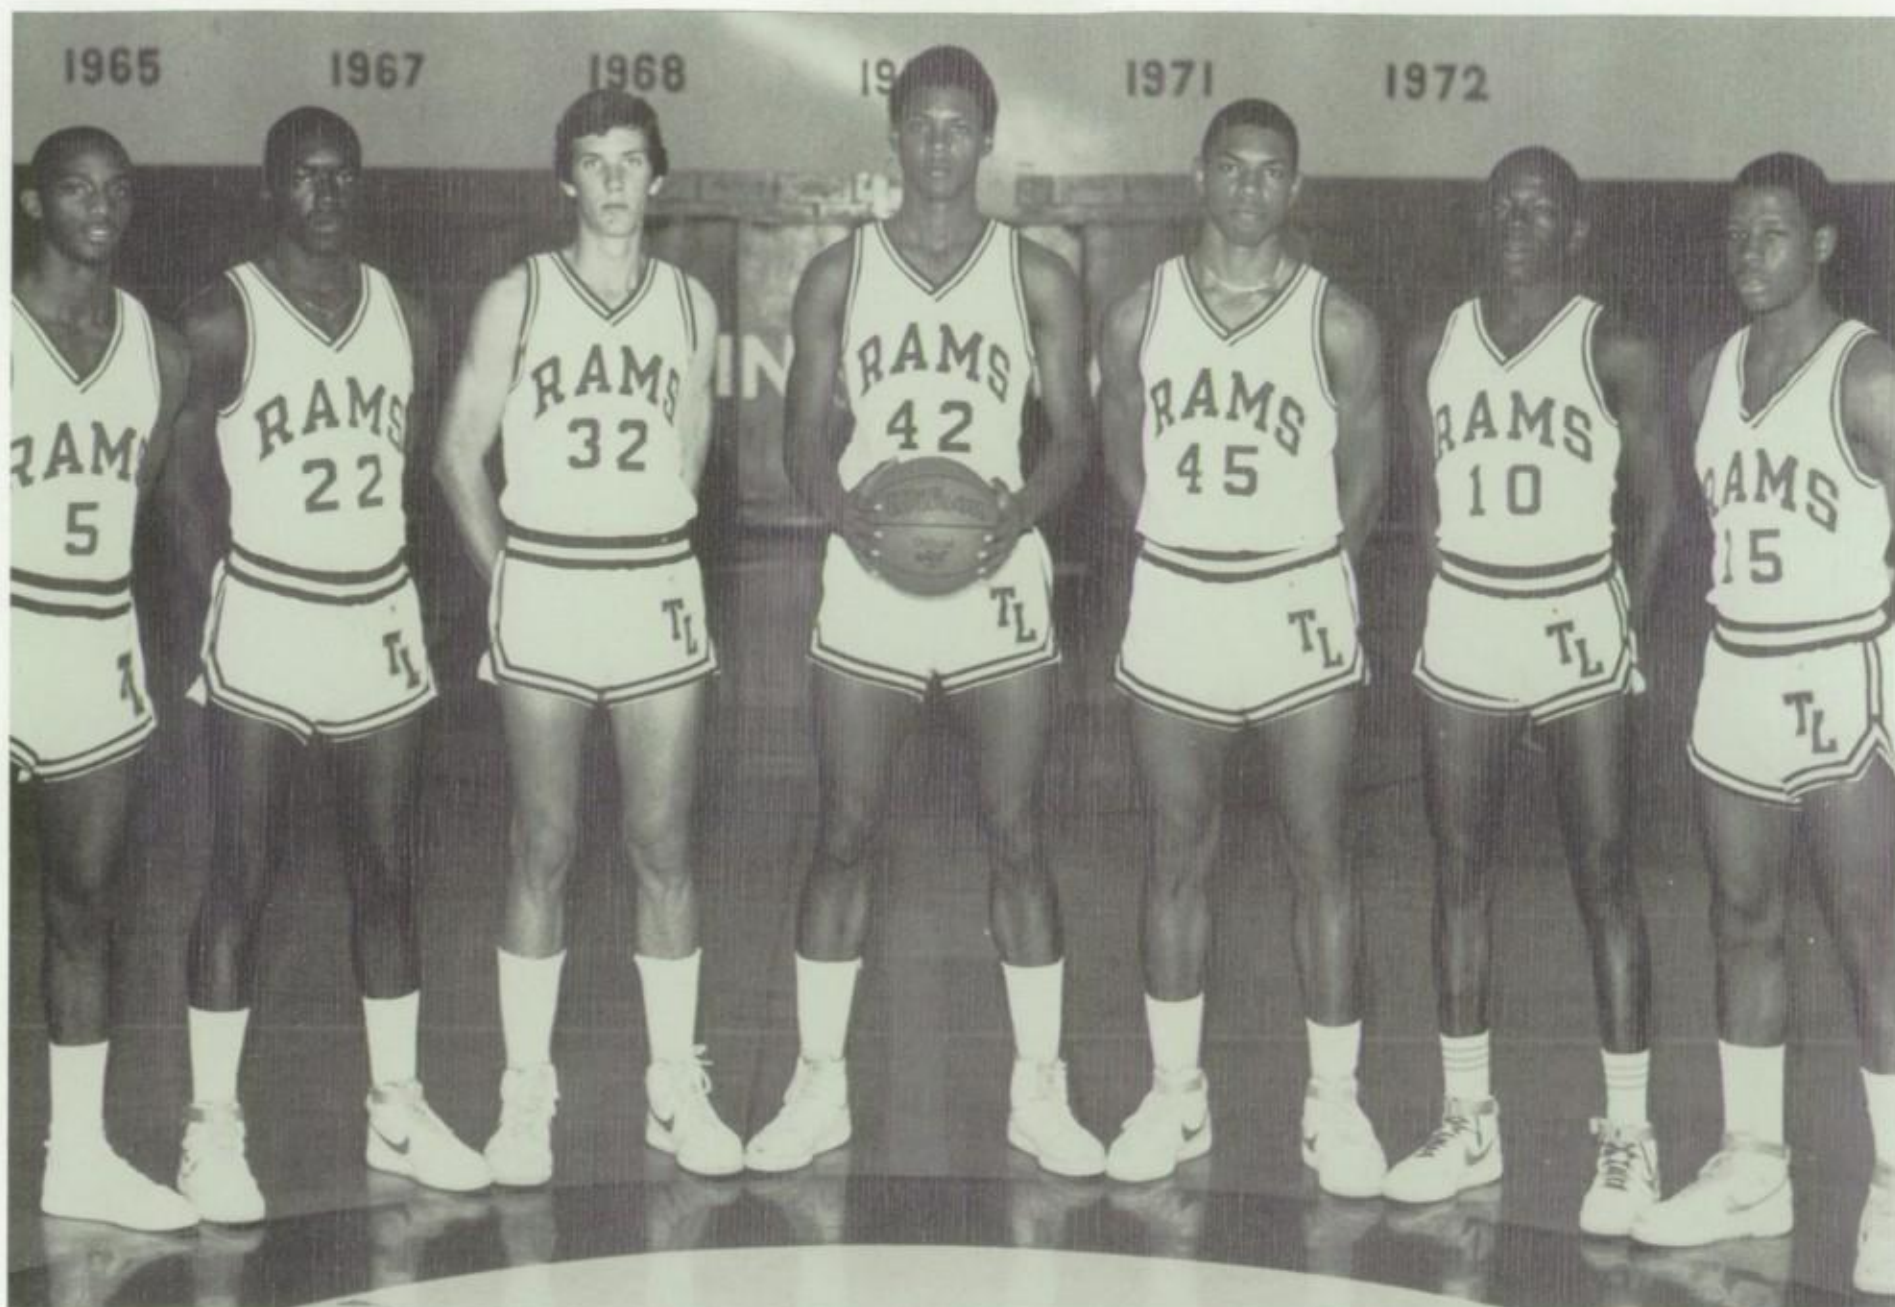

Being number one is a high school's ultimate goal. This goal hopefully will become a reality for 1984. This season will be recorded as a "WINNER" for the Rams, and those who had an opportunity to see the players in action could very well rate them as "super spectacular", not only by the skills performed, but by the unity of the team as well. Coach Cartwright and his team hope to have the state's trophy among their most valuable possessions when the season is finally over.

Girls' Basketball Team Dribbled to Victory

The Girls' Basketball Team had a great start this season, and the players continued to develop their skills, gain more confidence and win games. Varsity Softball Possessed Talent

The Girls' Softball Team possessed great talent throughout the season. The girls worked very hard to get the necessary skills to withstand competitors. With the help of Coach Cowart, the team exhibited self-confidence, played well and brought many victories to our school. Much of their success came from the girls' willingness to practice good sportsmanship.

Girls' Soccer Team Captured District Title

Many hours of exercising, soccer drills, and new complex plays proved to be worthwhile as the Twin Lakes' Team captured the Four A District Championship Title. Coach Holt, the first year girls' coach, helped to improve talent, create unity, and promote learning experiences among the players. While few seniors will be missed on next year's roster, it is with high anticipation that next year's team will bring state honors to Twin Lakes.

Boys' Soccer Team Clinched Championships

One of the Soccer Team's greatest achievement this year was bridging the cultural and communication gap caused by ten different nationalities. This accomplishment allowed them to go on and defeat Boca Raton for the district 12-AAAA championship. Clinching their victory was the defeat of Merrit Island for the Regional 6-AAAA title. They ended this season by placing second in section 3-AAAA. Congratulations coach Larson and the team for the best season ever!

Boys' Track Ran With The Wind

The 1984 Ram Track Team had a hard act to follow. The 1983 version was the State 4-A champions, and all, but one, of the young men who made the 1983 State Meet graduated, but hard work and enthusiasm contributed to the building of a typical Twin Lakes Track Team. The Young Rams (only 4 seniors on the squad) went undefeated in dual meets with an 8-0 record. As the season progressed, they performed very well in the Large Trophy Invitionals. Good Luck Rams!

Boys Flew Cross Country

The Twin Lakes Cross Country Team began the year with no returners from last year, but a fine group of young men worked very hard to become the district champions of 1983. Led by Sophomore David Peterson and Senior Basketball star, Calvin Gates, the "Ram Harriers" also collected the 1st place 4A trophy for the Boca Invitational, and the city championship. Of the seven boys going to regionals, five will be returning, giving great promise to the future. Another fine point to the season was the selection of three of the team members, David Peterson, Felix Cordier, and Walter Smith, to the academic All-Area Team.

Through the years at Twin Lakes High,
I have had good times and a lot of laughter.
I know I will never pass this way again, but one thing I do know ...
Somewhere, someday, somehow,
I will accomplish my achievements.
Achievements which I have had the desire of conquering through my educational years here at
Twin Lakes High - for they were not pointless years, but worthwhile years.
I wish the "BEST OF LUCK",
To all of my concerned friends.
As for my favorite teachers, including Ms. Charnock, I could never forget you!
